

# Meeting Room Reservation Handbook

Greyhaven Facilities

Document ID: CO-MRB-4502 | Revision: 2026-07-23

|           |                                               |
|-----------|-----------------------------------------------|
| Audience  | Service staff and authenticated service users |
| Authority | Greyhaven Facilities service owner            |
| Record    | CO-MRB-4502 controlled publication            |

## Purpose and scope

This internal service operates across facilities, finance, and procurement teams. Requests are recorded against a named business owner, and approval evidence remains visible in the relevant workplace system for audit and handover.

## Core service rules

The handbook applies the following published requirements. Meeting rooms may be reserved up to 45 calendar days in advance. Facilities confirmation is required for more than 20 attendees. A room with catering must include the catering request number. The organizer remains responsible for access and room reset.

## How to complete a request

1. Search the room catalogue in WorkplaceHub. 2. Enter the date, attendee count, and equipment needs. 3. Obtain Facilities confirmation where the threshold applies. 4. Publish the final invitation after the booking is confirmed.

# Meeting Room Reservation Handbook - operational appendix

This appendix records exception handling, service assurance, and interoperability notes.

## Controls and exceptions

Executive rooms have separate ownership approval. External events require a visitor-access plan. Same-day requests depend on room availability.

## Record quality and review

The service owner for Meeting Room Reservation Handbook reviews exceptions against the original case record. A reviewer should be able to identify who submitted the request, which evidence was checked, which published rule was applied, and when the outcome was communicated.
