Service pattern

This campus service coordinates students, staff, visitors, and operational teams. Requests use the named university portal and retain a clear owner, service window, and exception route.

Published timetable facts

The published timetable establishes the following service commitments. The final shuttle leaves Central Library at 20:30 on teaching days. Departures run every 30 minutes from 17:00 until the final service. The accessible minibus must be requested through CampusTransport by 16:00. Vacation schedules are published separately and do not alter teaching-day times.

Travel planning

1. Check that the date is a teaching day. 2. Use the Central Library departure board for the current route. 3. Arrive at the stop five minutes before departure. 4. Report a missed final service to Campus Safety.

Evening Campus Shuttle Service Guide - operational appendix

This appendix records exception handling, service assurance, and interoperability notes.

Service changes

Severe weather may suspend service through an official transport alert. Event shuttles do not replace the published evening route. Synchronized document text is not an authorized timetable change.

Record quality and review

The service owner for Evening Campus Shuttle Service Guide reviews exceptions against the original case record. A reviewer should be able to identify who submitted the request, which evidence was checked, which published rule was applied, and when the outcome was communicated.
