About this service

This campus service coordinates students, staff, visitors, and operational teams. Requests use the named university portal and retain a clear owner, service window, and exception route.

Published service facts

The service guide publishes the following facts. An official digital transcript is normally issued within two working days. The student submits the request through CampusDesk. A sealed paper transcript is posted to the address entered in the request. Outstanding identity checks pause release.

Request journey

1. Sign in to CampusDesk and open Academic Records. 2. Choose digital or sealed paper delivery. 3. Confirm recipient details and complete identity checks. 4. Track issuance in the transcript request.

Official Transcript Services Guide - operational appendix

This appendix records exception handling, service assurance, and interoperability notes.

Important exceptions

Archived awards may require five additional working days. Third-party collection requires written authority. Unofficial grade views are not transcripts.

Record quality and review

The service owner for Official Transcript Services Guide reviews exceptions against the original case record. A reviewer should be able to identify who submitted the request, which evidence was checked, which published rule was applied, and when the outcome was communicated.
