Purpose and scope

This document explains identification and ordering of ordinary replacement parts.

Service rules

- The product model and serial number are used to confirm compatibility.
- In-stock parts normally dispatch within two business days.
- Safety-critical parts may be supplied only through an authorized repair partner.
- Prices and delivery estimates are shown before confirmation.

Standard procedure

1. Open Parts Catalogue in CareTrack.
2. Select the registered product or enter its model.
3. Confirm the part diagram and quantity.
4. Review the delivery details and place the order.

Exceptions and escalation

- Electrical modifications are not supported through the parts catalogue.
- Incorrectly ordered unused parts follow the product-return policy.

Records and retention

Orders and compatibility checks are retained for three years.
