

Device Replacement Procedure

- **Document ID:** CVS-EUC-580
- **Organization:** Cedar Vale Systems
- **Owner:** End User Computing
- **Audience:** Employees and service-desk agents
- **Effective date:** 2026-03-21
- **Classification:** Internal

Purpose and scope

This procedure covers collection of an approved replacement laptop or workstation.

Service rules

- An approved replacement is normally ready after two business days.
- Collection is at the Cedar Vale equipment desk.
- The old asset or an approved loss-case number is required at collection.
- Asset verification is completed before the replacement is released.

Standard procedure

1. Open the approved replacement case in ServiceBoard.
2. Confirm the collection notice and assigned location.
3. Bring the old asset and staff identification.
4. Sign the equipment receipt after asset verification.

Exceptions and escalation

- A lost or stolen device follows the security incident process.
- The equipment desk cannot release a replacement based only on a manager's message.

Records and retention

Replacement cases and equipment receipts are retained for five years.
