

Multi-Factor Authentication Enrollment

- **Document ID:** CVS-IAM-230
- **Organization:** Cedar Vale Systems
- **Owner:** Identity Support
- **Audience:** Employees and approved contractors
- **Effective date:** 2026-02-05
- **Classification:** Internal

Purpose and scope

This document explains enrollment of an authenticator application or hardware security key.

Service rules

- New users must enroll within seven days of account activation.
- Authenticator applications and FIDO2 security keys are supported.
- At least one recovery method must be registered.
- SMS is available only as a temporary recovery method.

Standard procedure

1. Open Security Settings in ServiceBoard.
2. Choose an authenticator or security key.
3. Complete the displayed verification challenge.
4. Generate and securely store the recovery codes.

Exceptions and escalation

- A lost factor must be reported immediately.
- Identity Support requires independent verification before removing a registered factor.

Records and retention

Enrollment and factor-change events are retained for two years.
