

Password Reset Service Guide

- **Document ID:** CVS-IAM-570
- **Organization:** Cedar Vale Systems
- **Owner:** Identity Support
- **Audience:** Employees and service-desk agents
- **Effective date:** 2026-04-07
- **Classification:** Internal

Purpose and scope

This guide describes the standard self-service password-reset request.

Service rules

- A password-reset request remains valid for 20 minutes.
- The user confirms the request through ServiceBoard.
- The reset link is single use.
- Identity Support does not send passwords by email or chat.

Standard procedure

1. Open Password Reset in ServiceBoard.
2. Complete registered identity verification.
3. Use the reset link within 20 minutes.
4. Sign out other sessions when compromise is suspected.

Exceptions and escalation

- Expired links require a new request.
- A suspected compromise must be reported as a security incident.

Records and retention

Reset requests and verification outcomes are retained for one year.
