Purpose and scope

This overview describes how fictional Northbridge University organizes routine student services and where requests should be submitted.

Service rules

- CampusDesk is the primary portal for student-service requests.
- The Student Services Office operates Monday through Friday from 08:30 to 17:00.
- Requests received after 16:00 are logged on the next business day.
- Service notices are published in CampusDesk and the university bulletin.

Standard procedure

1. Choose the relevant service category in CampusDesk.
2. Provide the requested student reference only inside the authenticated form.
3. Keep the generated case number for follow-up.
4. Use the case thread for additional documents instead of opening a duplicate request.

Exceptions and escalation

- Immediate safety concerns are routed to Campus Safety rather than Student Services.
- Requests involving protected records require staff authorization and identity verification.

Records and retention

General request metadata is retained for 18 months. Restricted student records follow the separate records schedule.
