## Purpose and scope

This guide covers standard production and collection of fictional Northbridge academic transcripts.

## Service rules

- A standard transcript request takes three business days.
- Completed transcripts are collected through CampusDesk unless sealed postal delivery was selected.
- The requester must verify identity before release.
- Third-party collection requires a signed authorization uploaded with the request.

## Standard procedure

1. Submit Academic Records Request in CampusDesk.
2. Choose digital collection or sealed postal delivery.
3. Complete identity verification.
4. Use the case number to monitor processing.

## Exceptions and escalation

- Requests involving a legal name change may take two additional business days.
- Staff must not disclose another student's record based only on a name or claimed relationship.

## Records and retention

Request metadata is retained for two years; the academic record itself follows the permanent records schedule.
